IGNIS MINI

ANZ Version V1.2
March 2019

Introducing IGNIS mini

The IGNIS mini is where the story begins for our IGNIS family. Designed to replace 70W HPS, with market leading optical performance and uniformity without compromising on lumens per watt or reliability. Versatile, the IGNIS Mini is available in high output or CLO optimised LED chip configurations to best suit your needs, for peak performance or hitting energy saving targets. The IGNIS range offers installation flexibility with Lumen Boost; tune your lantern stock to the desired output quickly and safely to suit your lighting needs.

Measurement in millimetres.

Product Features

LUMEN BOOST COMPATIBLE

1 Aerodynamically assisted thermal management

2 Removable gear tray

3 Tool free, secure latching power compartment

4 Adjustable integral spigot.

SmartCity Ready | Tool Free Access | CLO Available | IP66 | IK07 | Preset Dimming | Lumen Boost | Surge Protection | Tilt angle adjustment +10° to -15° | Light weight LM6 aluminium

Lantern Information

Weight	4.8 kg
Windage	0.04 m²
RAL codes	Black: RAL 9004 Grey: RAL 7040
Mounting sizes	76 , 42 , 34 mm

Lumen Boost

Tune your driver and lumen output to provide the specific light level required, reducing your lantern variations. Photometry is available in incremental lumen steps to simplify design process and maximise energy savings.

LED Quantity	Lumen output range	RA index	CCT	Lumens per watt
20 LEDS	1800-6000 lumens	>70 Standard	3000k, 4000k,	Up to 150 lm/w
