FOR DISCUSSION

SUBJECT: UPDATE ON B2B-WG ACTIVITIES

AGENDA ITEM: 10

1. PURPOSE

The purpose of this paper is to report on the status of action items currently being discussed by the B2B Working Group (B2B-WG).

2. DISCUSSION

Since the December 2021 IEC meeting, the B2B-WG has met for further discussion and input on matters relating to the following:

- Consultation v3.8 B2B procedural issues paper, responsibilities and timeline which included the following proposals:
  - Coincident Service Orders
  - Shared Fuse Notification
- Consumer Data Right (CDR)

An update is provided on each of these matters in the following sections.

2.1. Consultation v3.8 B2B Procedures Consultation

Members of the B2B-WG have met on multiple occasions to provide feedback and input on the draft issue paper for the v3.8 Procedure Consultation. The publication of the issues paper is due to occur on 4 March 2022 with response submissions closing on 11 April 2022.

2.2. Consumer Data Right (CDR)

Meghan Bibby (AEMO) spoke to the topic of CDR, noting that the IEC recognises that CDR is outside the scope of B2B. It was noted that should any discussions through the CDR implementation team engagement result in any potential impacts to B2B, the IEC will be engaged.
