

AEMO

AUSTRALIAN ENERGY MARKET OPERATOR

2016

**Data Delivery
Calendar**

Prepared by Metering
Document Number : MT_MA2022v001

Notes & Comments

AEMO will normally run the MSATS profile calculations and settlement aggregation process in the evening of the day that, the MDP data delivery cut off occurs. However, it is possible that this process may be moved to accommodate any data issues found or other processing scheduled requirements, therefore this calendar **SHOULD NOT** be relied upon to specify exactly when MSATS processing is run. Participants should refer to the MSATS Settlement Case id's and the associated run times from the MSATS browser to determine when a particular settlement case is run.

This calendar is for **MDP DATA DELIVERY PURPOSES** only and should be used in conjunction with the 2016 Settlements Calendar for settlement statement issue.

Any enquiries relating to this calendar should be directed to

1300 300 295 (Option 2)
