

WHOLESALE ELECTRICITY MARKET – SETTLEMENT CYCLE TIMELINE

2018-19 FINANCIAL YEAR

Published: **May 2018**
Updated: **May 2019**

IMPORTANT NOTICE

Purpose

AEMO has prepared this document to provide information about the settlement cycle timeline for settlement of amounts payable under the Wholesale Electricity Market Rules (WEM Rules), as at the date of publication.

Disclaimer

This document or the information in it may be subsequently updated or amended. This document does not constitute legal or business advice, and should not be relied on as a substitute for obtaining detailed advice about the WEM Rules, or any other applicable laws, procedures or policies. AEMO has made every effort to ensure the quality of the information in this document but cannot guarantee its accuracy or completeness.

1. BACKGROUND

1.1 Purpose

WEM Rule 9.16 requires AEMO to publish information with respect to the settlement cycle timeline for amounts payable under the WEM Rules for all Trading Days within a Financial Year. AEMO must publish the settlement cycle timeline at least one calendar month before the commencement of the Financial Year [WEM Rule 9.16.2]. AEMO must also publish information with respect to each Adjustment Process to be undertaken during the Financial Year [WEM Rule 9.16.4].

This document provides information with respect to the settlement cycle timeline for the Financial Year beginning on 1 July 2018 and ending on 30 June 2019.

This document provides the following information:

- the STEM settlement cycle timeline [WEM Rule 9.16.1];
- the STEM settlement adjustment timeline [WEM Rule 9.16.4];
- the Non-STEM settlement cycle timeline [WEM Rules 9.16.2 and 9.19.7];
- the Non-STEM settlement adjustment timeline [WEM Rule 9.16.4];
- the Meter Data submission timeline [WEM Rule 9.16.2(a)];
- the Capacity Credit Allocation submission timeline [WEM Rule 9.16.2(b)]; and
- the Individual Reserve Capacity Requirements timeline [WEM Rules 4.28.8, 4.28.7 and 4.28.11].

1.2 Update arising from RC_2017_06: Reduction of the prudential exposure in the Reserve Capacity Mechanism

The Final Rule Change Report for RC_2017_06: Reduction of the prudential exposure in the Reserve Capacity Mechanism¹ documents Amending Rules to the WEM Rules which commenced at 8:00 AM on 1 August 2018. Under these Amending Rules AEMO was required to update its Settlement Cycle Timeline [WEM Rule 1.26.6]. The required updates are in relation to the Capacity Credit Allocation and Individual Reserve Capacity Requirement timelines.

Specifically, the changes to this 2018-19 settlement cycle timeline were to remove the following sections which no longer align with the Post-Amended Rules [WEM Rule 1.26.1]:

- Capacity credit allocation submission timeline for Trading Month June 2019
- Individual reserve capacity requirement timeline for Trading Months June 2019 and July 2019

The Individual Reserve Capacity Requirement and Capacity Credit Allocation timelines for Trading Months June 2019 onwards have been included in the 2019-20 Settlement Cycle Timeline².

1.3 STEM Settlement Cycle Timeline

WEM Rule 9.16.1 specifies the following STEM settlement cycle timeline:

- **STEM Settlement Statement** (for each of the Trading Days in the Trading Week) **and Invoice for the STEM Settlement Statements** – the first Business Day commencing after the end of the Trading Week.

¹ Available at https://www.erawa.com.au/rule-change-panel/market-rule-changes/rule-change-rc_2017_06

² Available at <https://www.aemo.com.au/Electricity/Wholesale-Electricity-Market-WEM/Settlements-and-prudential-monitoring/Clearing-payments>

- **STEM Settlement Date** (the date upon which transactions covered by a STEM Settlement Statement are settled) – the second Business Day after the Invoice for a STEM Settlement Statement is issued.
- **STEM Settlement Disagreement Deadline** – 5pm on the twentieth Business Day after the Invoice for a STEM Settlement Statement is issued. A Market Participant has until this time to lodge a Notice of Disagreement with AEMO pertaining to any amount included in the relevant STEM Settlement Statement.

The STEM settlement cycle timeline is set out in Appendix A – STEM Settlement Timeline.

1.4 STEM Adjustment Timeline

Adjustments to STEM Settlement cycles will be notified as required. It is not anticipated that a STEM Settlement Adjustment will occur under the current WEM Rules.

1.5 Non-STEM Settlement Cycle Timeline

WEM Rules 9.16.2(c)-(f) and 9.19.7 specify the following Non-STEM settlement cycle timeline:

- **Non-STEM Settlement Statement Date** (the Business Day by which AEMO must issue Non-STEM Settlement Statements for a Trading Month) – not less than three Business Days and not more than five Business Days after Meter Data Submissions are provided to AEMO.
- **Invoicing Date** (the Business Day by which AEMO must issue Invoices for Non-STEM Settlement Statements for a Trading Month) – the sixth Business Day of the second month following the month in which the Trading Month being settled commenced.
- **Non-STEM Settlement Date** (the Business Day on which the transactions covered by a Non-STEM Settlement Statement are settled) – the eighth Business Day of the second month following the month in which the Trading Month being settled commenced.
- **Non-STEM Settlement Disagreement Deadline** - 5:00pm on the twentieth Business Day following the date on which a Non-STEM Settlement Statement was issued. A Market Participant has until this time to lodge a Notice of Disagreement with AEMO in relation to any amount included in the Non-STEM Settlement Statement.
- **Non-STEM Settlement Final Disagreement Deadline** - 5:00pm on the calendar day that is nine months after the issuance of the original Settlement Statement. A Market Participant has until this time to lodge a Notice of Disagreement with AEMO in relation to any amount included in the Non-STEM Settlement Statement or an adjustment.

The Non-STEM settlement cycle timeline is set out in Appendix B – Non-STEM Settlement Timeline.

1.6 Non-STEM Adjustment Timeline

AEMO undertakes a process for adjusting settlements (“Adjustment Process”) at least once every three months. The purpose of the process is to review the relevant Settlement Statements to facilitate corrections resulting from Notices of Disagreement, the resolution of Disputes and revised metering data provided by Metering Data Agents. Adjustments may only be made to Relevant Settlement Statements. Adjustments may not be made to Settlement Statements outside of an Adjustment Process.

WEM Rule 9.16.4 specifies the following Non-STEM settlement adjustment timeline:

- **Non-STEM Settlement Adjustment Commencement Date** - the commencement date for the settlement adjustment process.
- **Non-STEM Settlement Adjustment Statement Date** (the Business Day by which Non-STEM Settlement Adjustment Statements for a Trading Month must be issued) – not less than 20 Business Days after the Commencement Date.
- **Invoicing Date** (the Business Day by which AEMO must issue Invoices for Non-STEM Settlement Statements for a Trading Month) – not less than two Business Days after the Statement Date.
- **Non-STEM Settlement Date** (the Business Day on which the transactions covered by a Non-STEM Settlement Statement are settled) – not less than two Business Days after the Invoicing Date.
- **Non-STEM Settlement Disagreement Deadline** – 5:00pm on the twentieth Business Day following the date on which a Non-STEM Settlement Adjustment Statement was issued. A Market Participant has until this time to lodge a Notice of Disagreement with AEMO in relation to any amount included in the Non-STEM Settlement Statement. Note that Settlement Disagreements can only be lodged before the final Non-STEM Disagreement Date.

The Non-STEM settlement adjustment timeline is set out in Appendix C – Non-STEM Settlement Adjustment Timeline.

1.7 Meter Data Submission Timeline

WEM Rule 9.16.2(a) states that the Interval Meter Deadline (the date by which Meter Data Submissions for a Trading Month must be provided to AEMO) is the first Business Day of the second month following the month in which the Trading Month commenced.

The Meter Data Submission timeline is set out in Appendix D – Meter Data Submission Timeline.

1.8 Capacity Credit Allocation Submission Timeline

WEM Rule 9.16.2(b) specifies the following requirements with respect to the Capacity Credit Allocation Submission timeline:

- **Earliest Submission Date** (and time) at which Capacity Credit Allocation Submissions for a Trading Month can be made – a Business Day after the end of the Trading Month to which the Capacity Credit Allocation Submission relates but not less than 10 Business Days prior to the Non-STEM Settlement Statement Date.
- **Latest Submission Date** (and time) at which Capacity Credit Allocation Submissions for a Trading Month can be made – not less than five Business Days prior to the Non-STEM Settlement Statement Date.
- Date (and time) by which **AEMO** must contact a Market Participant with a **request to nominate modifications** – not less than four Business Days prior to the Non-STEM Settlement Statement Date.
- Date (and time) by which a **Market Participant** must **respond to a request to nominate modifications** – not less than two Business Days prior to the Non-STEM Settlement Statement Date.
- **Acceptance Notification Date** (and time) by which AEMO will notify Market Participants from which AEMO has accepted Capacity Credit Allocation Submissions – not less than two Business

Days prior to the Non-STEM Settlement Statement, but later than the time specified for Market Participants to respond to a request to nominate modifications.

The Capacity Credit Allocation Submission timeline is set out in Appendix E – Capacity Credit Allocation.

1.9 Individual Reserve Capacity Requirements Timeline

WEM Rule 4.28.8 specifies the time by which Market Customers must provide AEMO:

- a list of interval meters associated with that Market Customer that the Market Customer wants AEMO to treat as Non-Temperature Dependent Loads;
- details of any Demand Side Management measures that the Market Customer has implemented since the previous Hot Season, including the expected MW reduction in peak consumption resulting from those measures; and
- nominations of capacity requirements for Intermittent Loads.

For the purpose of Non-Temperature Dependent Load assessment under Appendix 5A of the WEM Rules a Market Customer may provide evidence that the source of consumption was operating at below capacity due to maintenance or a Saturday, Sunday or a public holiday throughout Western Australia. If a Market Customer wishes to provide this information it must also be provided by the deadline in WEM Rule 4.28.8.

WEM Rules 4.28.7 and 4.28.11 specify the time by which AEMO must publish the initial and updated Individual Reserve Capacity Requirements.

The Individual Reserve Capacity Requirement timeline is set out in Appendix F – Individual Reserve Capacity Requirement Timeline.

1.10 Definitions and Conventions

All references to times are Australian Western Standard Time (AWST).

Table 1: Defined Terms

Term	Definition
Business Day	A day that is not a Saturday, Sunday or a public holiday throughout Western Australia. For the purpose of WEM Rule clauses 9.16.1(b), 9.16.2(e) and 9.16.4(d), a Business Day is a day that is not a Saturday, Sunday, or a public holiday (including a bank holiday) throughout Western Australia and/or Sydney (New South Wales).
Trading Day	A period of 24 hours commencing at 8.00am on any day after Energy Market Commencement, except where AEMO declares that part of a Trading Day is to be treated as a full Trading Day under clause 9.1.1 of the WEM Rules, in which case that part is a Trading Day.
Trading Month	A period from the beginning of a Trading Day commencing on the first day of a calendar month to the end of the Trading Day that finishes on the first day of the following calendar month.
Trading Week	A period from the beginning of a Trading Day, commencing on a Thursday, to the end of the Trading Day that finishes on the following Thursday.
