Dear Terry,

Submission for inclusion of DarkLicht DL-60 on the National Load Table

The City of Adelaide would like to introduce DarkLicht DL-60 luminaires to enhance our Council's unmetered public lighting network.

To facilitate this installation and connection, we recognize the necessity of adding these luminaires to the National Electricity Market (NEM) load table, administered by the Australian Energy Market Operators (AEMO).

The City of Adelaide fully supports Pecan Lighting's actions to include the **DarkLicht DL-60** on the national load table.

If you have any questions, please feel free to contact me on 8203 7934.

Kind Regards,

David Baird
