Dear Dr Walter W. Wendel

RE: Submission of Vulcan LED V8447 for inclusion on the National Load Table

The Sutherland Shire Council would like to install the Vulcan V8447 Luminaires to Council's street lighting, in one of its outdoor precincts, as replacements for current failed decorative installations. When approved these lights could potentially be used in additional public community precincts.

- Vulcan V8447 **LED** 2x27W

To introduce these luminaires into Sutherland Shire Council's street lighting network, it will be necessary to include the luminaires, as mentioned above, in the AEMO load table.

Sutherland Shire Council supports Form & Light and Vulcans action to include these luminaires in the load table. If you have any questions, please feel free to contact Mandy Brady on (02)9710-0517 or by email at mbrady@ssc.nsw.gov.au.

Yours sincerely,

Phillip Mansfield
