

## AEMO IT Changes – Forward Schedule of Changes published on 15<sup>th</sup> August 2017

Number	Short description	Configuration item	▲ Environment	Planned start	Planned end	Outage start	Outage end	Impact/User Requirements
CHG0044183	STTM Pre production database refresh	STTM - Scheduling & Dispatch	Pre-Production	18/08/2017 10:00:00	18/08/2017 13:00:00	18/08/2017 10:00:00	18/08/2017 13:00:00	Gas STTM Pre Production will be unavailable for the duration of the outage.
CHG0044610	Planned System Outage - MSATS Pre-production	MSATS - Business to Business data exchange	Pre-Production	16/08/2017 10:00:00	16/08/2017 20:00:00	16/08/2017 10:00:00	16/08/2017 20:00:00	Awareness of this Outage. MSATS Pre-Production environment will be unavailable during the outage times mentioned above to perform the pre-release activities.
CHG0044145	Planned Network Change - Software upgrade of NSW Marketnet firewalls	Firewall	Production	16/08/2017 13:00:00	16/08/2017 18:00:00			We do not anticipate any noticeable service disruption during this change window. MarketNet participants using the New South Wales pop router as their primary connection may be impacted. They are advised to use the QLD pop router 202.44.76.10 (for all L2L VPN Traffic) as the primary connection to minimise this. MarketNet WAN services will automatically prefer the QLD pop router.
CHG0044391	Planned System Outage - Gas Supply Hub Production Site Transfer	Gas Supply Hub	Production	15/08/2017 19:00:00	15/08/2017 23:00:00	15/08/2017 19:00:00	15/08/2017 20:00:00	All access to the Gas Supply Hub (Exchange Trading System) will be unavailable during the outage period. Please access outside this outage period.
CHG0044573	Planned Network Change - Software upgrade of NSW inside firewalls	Firewall	Production	17/08/2017 13:00:00	17/08/2017 18:00:00			We do not anticipate any noticeable service disruption during this change window. MarketNet participants using the New South Wales pop router as their primary connection may be impacted. They are advised to use the QLD pop router 202.44.76.10 (for all L2L VPN Traffic) as the primary connection to minimise this. MarketNet WAN services will automatically prefer the QLD pop router.
CHG0044574	Planned Network Change - Software upgrade of QLD inside firewalls	Firewall	Production	21/08/2017 13:00:00	21/08/2017 18:00:00			We do not anticipate any noticeable service disruption during this change window. MarketNet participants using the New South Wales pop router as their primary connection may be impacted. They are advised to use the QLD pop router 202.44.76.10 (for all L2L VPN Traffic) as the primary connection to minimise this. MarketNet WAN services will automatically prefer the QLD pop router.
