**IMPACT & IMPLEMENTATION REPORT – DETAILED REPORT SECTION**

**ASSESSMENT OF PROPOSAL**

<p>1. Rationale for the change and summary of any proposed amendments to Procedures.</p> <p>(see Attachment A for details of the draft Procedure)</p>	<p>These changes are necessary to reflect a new custody transfer point in the Sydney STTM at the Newcastle Gas Storage Facility (NGSF).</p>
<p>2. Overall Industry Cost/Benefit estimate.</p>	<p>This change is required to reflect changed operating conditions for the Sydney STTM and the cost of implementation is immaterial.</p>
<p>3. The likely implementation effect of the change(s) on stakeholders</p>	<p>This change will reflect facility modifications that will allow boil-off gas from the NGSF to be injected into the local gas network.</p>
<p>4. Recommendation on any testing requirements</p>	<p>No industry testing required. There may be some verification testing between Jemena Gas Networks and CGI.</p>
<p>5. AEMO's preliminary assessment of the proposal's compliance with section 135EB:</p>	<p>These changes are consistent with the requirements of section 135EB.</p>
<p>6. Consultation forum outcomes</p>	<p>No comments.</p>

<b>RECOMMENDATION(S)</b>	
7. Should the proposed Procedures be made, (with or without amendments)?	The proposed Procedures should be made without amendments.
8. Proposed effective date for the proposed change(s)	24 September 2018.
