<b>Address:</b>	Level 24, Forrest Centre, 221 St Georges Terrace, Perth WA 6000
<b>Date submitted:</b>	15 August 2017

### Submission

Clause 2.10.7 of the Wholesale Electricity Market Rules provides that any person may make a submission for a Procedure Change Proposal (including proposals developed by AEMO, the Economic Regulation Authority or the Rule Change Panel) by completing this Procedure Change Submission form.

Submissions should be provided by email to the nominated contact in the call for submissions published with the Procedure Change Proposal.

**Please provide your views on the Procedure Change Proposal, including any objections or suggested revisions**

The definition of Business Hours is not quite right as it refers to “Western Australian public holidays”. The definition of Business Days in the Market Rules refers to “a public holiday throughout Western Australia”. The distinction is important because there are some Western Australian public holidays that are only applicable to a specific region and do not affect Perth (Kalgoorlie and the Pilbara towns have separate public holidays on their race days or show days)

**Please provide an assessment whether the Procedure Change Proposal is consistent with the Market Objectives and the Wholesale Electricity Market Rules.**

**Please indicate if the Procedure Change Proposal will have any implications for your organisation (for example changes to your IT or business systems) and any costs involved in implementing these changes.**

**Please indicate the time required for your organisation to implement the changes, should they be accepted as proposed.**
