1. Please provide your views on the Procedure Change Proposal, including any objections or suggested revisions:

LGP supports the proposed amendment as it clarifies the dispute process to be followed by System Management, Verve Energy and the IMO and has been agreed by System Management and Verve.

2. Please provide an assessment whether the Procedure Change Proposal is consistent with the Market Objectives and the Wholesale Electricity Market Amending Rules.

LGP considers that the change is administrative only with no material bearing on the Market Objectives other than to improve their integrity via improved clarity.

3. Please indicate if the Procedure Change Proposal will have any implications for your organisation (for example changes to your IT or business systems) and any costs involved in implementing these changes.

The procedure change will not affect LGP.

4. Please indicate the time required for your organisation to implement the changes, should they be accepted as proposed.
