

METERING DATA PROVISION PROCEDURES: DRAFT REPORT AND DETERMINATION AND DRAFT PROCEDURES – PARTICIPANT RESPONSE PACK

METERING DATA PROVISION PROCEDURES PACKAGE

Participant: SA Power Networks

Completion Date: 20 July 2015

Table of Contents

1. DRAFT METERING DATA PROVISION PROCEDURES	3
---	---

1. Draft Metering Data Provision Procedures

Item	Description	Participant Comments
1	INTRODUCTION	
1.1	Purpose and scope	
1.2	Definitions and interpretation	
1.3	Related AEMO procedures	
2	IDENTITY VERIFICATION AND DATA DELIVERY TIMEFRAMES	
2.1	Verifying the identity of a retail customer or customer authorised representative	<p>2.1 (c) – SA Power Networks do not support the proposed 3 business day requirement to verify a customer or customer authorised representative. Our general endeavour would be to respond to a customer as soon a possible and not wait for the final allowable timeframe, however, there may be times where additional time is required during the verification process. We therefore propose that this requirement is changed to 5 business days. This is inline with the discussion and general position agreed during the AEMO workshop held on 18 June 2015.</p> <p>2.1 (e) – Typo – should this be 2.1(a) rather than 3.3(a).</p>
2.2	Retail customer request	
2.3	Customer authorised representative	
3	DATA DELIVERY METHOD	
3.1	Delivering summary data	
3.2	Delivering detailed data	
3.3	File naming conventions	
3.4	Numbering of metering data files to be provided	

Meter Data Provision Procedures Package

Item	Description	Participant Comments
4	DATA FILE CONTENT	
4.1	Field details – format and unit of measure	
4.2	Accumulated metering data summary	
4.3	Interval metering data summary	
4.4	Detailed data format	
4.5	Ability to offer alternative metering data formats	
5	OTHER COMMENTS	
Appendix A	ACCUMULATED METERING DATA SUMMARY FORMAT	
A.1	File conditions	
A.2	Example: accumulated file	
A.3	Example: diagrammatic representation of energy usage	
Appendix B	INTERVAL METERING DATA SUMMARY FORMAT	
B.1	File conditions	
B.2	Example: interval file	
B.3	Example: diagrammatic representation of energy usage
