

AEMO Participant Fees - 1 JULY 2023 TO 30 JUNE 2024

PUBLISHED: 15 FEBRUARY 2023

AEMO Participant Fees for 1 July 2023 to 30 June 2024

In 2020, AEMO conducted a review of its current Electricity Market Participant Fee Structure. An outcome of this review was a change to the fee structure of the National Electricity Market (NEM), with a portion of the NEM fees to be levied on the Transmission Network Service Provider (TNSP) starting from 1 July 2023.

The NEM fees for 2023-24 is to be levied based on the GWh consumed in the financial year commencing 1 July 2021 in the relevant region as a proportion of the GWh consumed in all regions in that year.

The 2023-24 AEMO's participant fees are \$25.1m, which is calculated based on the preliminary NEM revenue requirement. AEMO is working on developing its NEM budget for 2023-24 and will publish the final NEM revenue requirement before 30 June 2023.

Table 1 below outlines the fee allocate to each Transmission Network Service Provider from 1 July 2023 to 30 June 2024.
