## 1. INTRODUCTION

### 1.1. Purpose and scope

This document is the schedule of rights and obligations of *Intending Participants* contemplated by clause 2.7(d) of the National Electricity Rules (NER). Those rights and obligations were approved by the Australian Energy Market Commission on 11 March 2020.

This document has effect only for the purposes set out in the NER. The NER and the National Electricity Law (NEL) prevail over these Procedures to the extent of any inconsistency.

### 1.2. Definitions and interpretation

- (a) Terms defined in the NEL and the NER have the same meanings in this document unless otherwise specified. NER defined terms are intended to be identified by italicising them, but failure to italicise a term does not affect its meaning.
- (b) This document is subject to the principles of interpretation set out in Schedule 2 of the NEL.

## 2. INTENDING PARTICIPANT RIGHTS AND OBLIGATIONS – ALL CATEGORIES

An *Intending Participant* may exercise the rights, and is subject to the obligations in the NER provisions specified in Table 1 and expressed to be applicable to:

- (a) *Registered Participants* generally; or
- (b) a category of *Registered Participant* in which the *Intending Participant* intends to act, but only in so far as:
- (c) the relevant right or obligation applies to the intended activity for which the *Intending Participant* was registered; and
- (d) the *Intending Participant* is reasonably able to exercise that right or comply with that obligation, having regard to the status or progress of the intended activity.
