Mr David Ripper
Senior Metrology Engineer
Australian Energy Market Operator Ltd
500 Collins Street
Melbourne, VIC 3000

Dear David,

Re: Amendment of NSW Traffic Signals Load Table

We request for the approval to add the below item to the National Electricity Market NSW Traffic Light Load Table for Unmetered Loads.

ID	Device Type	Full Load (W)	Dimmed Load (W)
290/1	1200x1200 Changeable Message Sign	351.2	155.7

The submission is supported with the following document:

1. Test Report No. S200822_S

We trust that this submission meets with your approval requirements. Should you have any queries or require further information, please do not hesitate to contact me.

Yours sincerely

Robert De Cataldo
Project Manager
Intelligent Transport Systems
