Dear Terry

**Burwood Lane (Sheridan Street Laneway) Woodville North - Light Fittings**

The City of Charles Sturt intends installing the following new light sources in Burwood Lane in Woodville North on an unmetered supply with the aim of reducing energy use, greenhouse gas and providing a safe laneway for residents.

PECAN NXT 22W 12C 525mA

To introduce these luminaires into the public street lighting network in SA, the device load for luminaires fitted with the above light source must be included in the AEMO load table.

Please confirm that you will move to initiate the inclusion of the luminaires in the load table and advise when it has been published in the AEMO table.

Yours sincerely
