**Mr David Ripper**  
Senior Metrology Engineer  
Australian Energy Market Operator LTD 500 Collins Street  
Melbourne, Victoria 3000

Dear David

**Submission of WE-EF ZFT444 Series for inclusion on the National Load Table (AEMO).**

The City of Adelaide would like to install WE-EF ZFT444 9 LED 18W/700mA Series to a council unmetered public lighting circuit.

For City of Adelaide to connect this luminaire to an unmetered arrangement, we understand that they will need to be included on the National Electricity Market (NEM) load table through the Australian Energy Market Operators (AEMO).

The City of Adelaide supports We-ef Lighting's actions to include to following luminaires on the national load table:

**WE-EF ZFT444 9 LED 18W/700mA Series with either 2700K/3000K/4000K Colour temperature and either S65 or R65 Beam**

If you have any questions, please feel free to contact me on 8203 7393.

Kind regards

**Stephanie Rogers**
