Assessment of Street Lights

Dear Darren,

SA Power Networks is actively evaluating the energy efficient floodlight shown in the included table:

Luminaire Name	Luminaire Description
Kanon LED Floodlight 180W	KN140E11L180 – Kanon Floodlight, 180w 4000K CRI70 DALI

In order for SA Power Networks to consider the above luminaire, can you please provide your supporting test reports and additional testing necessary for the load table measurement processed by AEMO.

Once successfully completed and published, please notify SA Power Networks of the results.

If you have any questions, please contact Bogdan Niculescu on (08) 8404 5476 or bogdan.niculescu@sapowernetworks.com.au

Yours sincerely

Hatem Khoury
Equipment Manger
