References to Predecessors

To reflect the governance changes implemented on 1 July 2009, this document has been amended to remove references to the Victorian Energy Networks Corporation (VENCORP) and replace such references with Australian Energy Market Operator (AEMO). Where any content inadvertently refers to VENCORP it should be read as referring to AEMO.

It should be noted that participant ID "VENCORP" remains as the participant ID for AEMO as the gas market operator in Victoria and Queensland.

Introduction

In accordance with Section 1.3 of the Retail Market Procedures (Queensland), AEMO must (after consulting with Retailers and Distributors) establish a protocol (Gas Interface Protocol) which governs the manner and form in which information is to be provided, notice given, notices or documents delivered and requests made as contemplated by the Retail Market Procedures (Queensland).

AEMO may only amend the Gas Interface Protocol after AEMO has undertaken a consultation process prescribed in part 15B of the National Gas Rules (NGR). Any amendments will come into effect on the date of their publication on AEMO's website or such later date as is specified by AEMO on its website in relation to those amendments.

AEMO must publish the Gas Interface Protocol, as amended from time to time, on its website.

AEMO and each Retailer and Distributor must comply with, and is bound by, the Gas Interface Protocol in respect of the provision of information, giving of notice, delivery of notices or documents and making of requests, and the receipt of information, notice, notices, documents or requests, as contemplated by the Retail Market Procedures (Queensland).

The artefacts listed in the table below constitute the Gas Interface Protocol and the effective date. These artefacts include artefacts that are used for the Victorian Gas Interface Protocol. Table1 of this document describes any variation applicable to the Queensland Retail Market.

The Retail Market Procedures (Queensland) have been included in the artefacts for completeness. It should be noted that in terms of governance the Retail Market Procedures (Queensland) provides the regulatory framework under which the Gas Interface Protocol operates.

Gas Interface Protocol artefacts to take effect as of ~~30 September 2020~~ 29 November 2021.

GIP Item #	Category	Documents	Version
1	Retail Market Procedures (Queensland)	Queensland Retail Market Procedures	19.0
2	Participants Build Pack 4	The Queensland Specific Participant Build Pack 4	11.0
