

GAS BULLETIN BOARD ALLOCATION METHODOLOGY AND AGREEMENT

General Information

This form must be completed by the the BB Allocation Agent registered under Part 18 of the National Gas Rules as the BB reporting entity for the BB Allocation Point(s) for a Part 24 Facility.

This form is used to describe the allocation methodology, allocation agreement and related information for all BB allocation points for a Part 24 Facility

This form can be used for multiple allocation points on the one Part 24 facility.
All fields must be completed.

Separate forms must be completed for each Part 24 Facility.

This form is based on the BB PROCEDURES VERSION 9.0 (**7.2A Allocation Methodology and Agreement**).

Name of Part 24 Facility	Refer attachment
Part 24 Facility ID	Refer attachment
BB Allocation Agent	APA Group (Participant ID 94)
Contact Person (Full Name)¹	Nicola Robertson
Contact Email Address²	dlapacommercialsupport@apa.com.au
Contact Telephone Number³	(07) 3012 1372
List of all BB allocation points for the Part 24 Facility	Refer attachment
Description of Allocation Methodology for the listed BB allocation points	Refer attachment

The methodology must be described in sufficient detail to enable a transportation facility user to fully understand how it would be allocated if it acquired transportation capacity in respect of the BB allocation point, including any formulae (if any) used for allocation and a description of how such formulae is applied.

If applicable, the methodology must describe the process for changing the methodology (for example, whether agreement is required by all parties).

In addition to any formulae used for allocation and the process for changing the methodology, examples of the description of the allocation methodology that could be used include:

1. Pro-rata (Scheduled) - where transportation facility users are allocated on a pro-rata basis based on each transportation facility user's scheduled quantity for the gas day.
2. Pro-rata (MDQ) - where transportation facility users are allocated on a pro-rata basis based on each shipper's MDQ entitlement at the relevant point.
3. Tranche (Single Shipper Swing) - where transportation facility users are allocated a priority for gas receipted or delivered in tranches with the final tranche allocated to a single transportation facility user.

¹ This must be the person to whom an application to join the allocation agreement related to the listed BB allocation points must be given.

² This must be an email address at which the contact person can be contacted.

³ This must be an a telephone number at which the contact person can be contacted.

4. Tranche (Multiple Shipper Swing) - where transportation facility users are allocated a priority for gas receipted or delivered in tranches with the final tranche allocated to multiple transportation facility users on a Pro-rata (Scheduled) or Pro-rata (MDQ) basis.

Please provide information about any charge to become a party to the allocation agreement for the listed BB allocation points	Zero cost charged by APA
Amount of the charge (the manner in which the amount is calculated)	Nil
Payment Terms	N/A

The description of the process for joining and leaving the allocation agreement for the listed BB allocation points must include:

1. The manner and form for applying to join and leave.
2. Whether the allocation agreement is in writing or not.
3. Any criteria or conditions to be satisfied in order to join or leave.
4. Whether charges are payable for leaving and if so, the amount of the charge or the manner in which the charge is calculated.

Description of the process for joining and leaving the allocation agreement for the listed BB allocation points	<p>(1) All Shippers injecting or withdrawing gas at these points can join and should contact APA who will set up the allocations as part of the normal Gas Transport Agreement implementation process</p> <p>(2) Allocation Agreements are not generally formalised in writing with the exception of Culcairn Allocation Agreement</p> <p>(3) Participants must have appropriate arrangements in place with the respective Interconnect Party or market as applicable and must also have a Gas Transport Agreement or OTSA with APA</p> <p>(4) Participants can leave with no charges payable to APA</p>
