

Transition of GBB reporting requirements – 4 July 2023

Reporting obligations for the changes associated with the Part 27 East Coast Gas System Reforms commence on 4 July 2023. AEMO will be implementing a series of IT changes on 28 June. The table below outlines the changes to reporting and provides details on the timing and requirements for initial submissions.

Note:

- There are no changes to existing obligations on BB reporting entities.
- Relevant entities are encouraged to commence submissions from 28 June to ensure systems are ready for 4 July.
- Preproduction environment has been available for testing from 31 May and will be unavailable 30 June – 5 July.

Please contact AEMO if additional clarification is required.

Transaction	Description	Reporting Frequency	Submission method	Submission cut-off times	BB reporting entity obligation under the Rules to provide data to AEMO					Submission changes from 28 June 2023	First submissions in accordance with the Rules and Procedures. All times are AEST.
					Part 27 retailer	BB large user	LNG export project	BB pipeline	BB facility ¹		
Expected daily gas demand	Provides on each gas day D-1 for gas days D to D+6	Daily	Part 27 submission only	10:00 pm on gas day D-1	•	•	•			New submission becomes active.	10:00 pm on 4 July for gas days 5 to 11 July.
Medium term maintenance demand	Provides on each Monday of W-1, the maintenance work expected to be carried out for weeks W to W+103.	Weekly	Part 18 Medium Term Capacity Outlook submission	7:00 pm on each Monday		•	•			Recall times and recall description added.	7:00 pm on 10 July for w/c 17 July and following 103 weeks.
Linepack Forecast	Provides on each gas day D-1 for gas days D to D+6, the expected Linepack in each Linepack zone	Daily	Part 27 submission only	10:00 pm on gas day D-1				•		New submission becomes active	10:00 pm on 4 July for gas days 5 July to 11 July.
Extended daily capacity outlooks	Provides on each Monday of week W-1, the daily capacity forecast for weeks W to W+25	Weekly	Part 18 Medium Term Capacity Outlook submission	7:00 pm on each Monday					•	No change to submission format.	7:00 pm on 10 July for w/c 17 July and following 25 weeks.

¹ All BB facilities (including pipelines), other than BB large user facilities and LNG processing facilities
