**Short Term Trading Market (STTM) - Suspension Notice**

This is a Suspension Notice issued to Qenos Pty Ltd (Subject to a Deed of Company Arrangement) (ABN 62 054 196 771) (**Trading Participant**) under rule 487(6) of the National Gas Rules (NGR).

Terms used in this notice which are defined in the NGR have the same meaning in this notice unless otherwise defined.

The Trading Participant has failed to comply with the terms of the default notice issued to it by AEMO on 17 December 2025 and is suspended from trading in the registrable capacities described below from the gas day specified below.

Registrable Capacity	STTM Shipper – Sydney hub STTM User – Sydney hub
Conditions of suspension	The Trading Participant must not: <ol style="list-style-type: none"> <li>1. submit ex ante bids and MOS decrease offers at any STTM hub;</li> <li>2. submit and confirm the availability of contingency gas bids at any STTM hub.</li> </ol>
Gas day from which the suspension will commence	19 December commencing at 0600 AEDT.

AEMO will publish this suspension notice and inform all other trading participants, STTM facility operators and STTM distributors as required by NGR 488(2).

If the Trading Participant remedies the default events before the gas day from which the suspension will commence and there are no other circumstances entitling AEMO to issue a suspension notice, then AEMO will revoke this Suspension Notice.

For each STTM distribution system in respect of which the Trading Participant has a registered distribution service, it must no later than 10 business days after the commencement of the gas day from which the suspension takes effect comply with any applicable obligations under NGR 488(10).

Neither the issue of this suspension notice nor the taking of any actions by AEMO or the Trading Participant pursuant to this notice waives or prevents the exercise of any of AEMO’s rights, powers or remedies and AEMO reserves its rights, powers and remedies under the NGR, the National Gas Law, at law, and in equity in respect of any other default event.
