Dear Mr Kaplan

**AEMO Metrology Procedure Part A and B First Stage Consultation.**

Ausgrid welcomes the opportunity to respond to AEMO regarding the first stage of consultation for the Metrology Procedures part A and B. We make this submission as a Local Network Service Provider, Responsible Person for Type 5-7 Metering Installations under Chapter 7 of the National Electricity Rules and as a registered Metering Provider and Metering Data Provider for Type 1-7 Metering Installations in the National Electricity Market.

We generally support the changes to the Metrology Procedure Part A and B but have suggested a number of minor changes. The attachment provides Ausgrid's specific comments on the consultation paper.

If you would like to discuss this matter further, please contact Mr Wayne Turner, Metering Compliance and Regulation Manager on 02 4399 8133.

Yours sincerely,

Chris Amos  
Network and Customer Technology Manager
