1. INTRODUCTION

1.1. Purpose and Scope

- (a) This B2B Procedure: Customer and Site Details Notification Process (Procedure) is *published* by AEMO in accordance with clause 7.17.3 of the NER.
- (b) This Procedure specifies the standard process and data requirements for the communication, updates and reconciliation of Customer and Site details.
- (c) This Procedure has effect only for the purposes set out in the NER and NERR. All other national and jurisdictional regulatory instruments and codes prevail over this Procedure to the extent of any inconsistency.

1.2. Definitions and Interpretation

- (a) The Retail Electricity Market Procedures – Glossary and Framework:
 - (i) is incorporated into and forms part of this Procedure; and
 - (ii) should be read with this Procedure.
- (b) In the event of any inconsistency between this Procedure and the B2B Procedure: Technical Delivery Specification unless this Procedure provides otherwise, the relevant B2B Technical Delivery Specification shall prevail to the extent of the inconsistency.
- (c) The terms Initiator and Recipient have been used throughout the document to designate the sender and receiver of each transaction. Where a specific role is called out, the transaction should only be sent and received by the designated role (e.g. Current Retailer, DNSP, MPB).
- (d) All times (related to the conduct of the work) refer to the local time for the Site (where the work requested is to be carried out). Local time is inclusive of daylight saving time changes.

1.4. Guidance Notes

- (a) This document contains Guidance Notes that provides the reader with a reference point where an obligation for services is provided for in the NEM.
- (b) A number of timing requirements that represent common industry practice have also been included. These timings are not associated with the communication of B2B transactions, do not have a head of power and are not enforceable.
- (c) Guidance Notes are indicated by the use of [Guidance Note #] at the commencement of the clause in this procedure and highlighted in grey.
- (d) The table below lists the document or documents for reference.

Table 2: Guidance Notes

2. TRANSACTION LIST AND PROCESS

2.1. Transaction List

(a) Included in this procedure are the following transactions:

- (i) CustomerDetailsNotification
- (ii) CustomerDetailsRequest
- (iii) SiteAccessNotification
- (iv) SiteAccessRequest
- ~~(b) — Email notifications for Life Support.~~
- ~~(#)(v) Life Support Notification~~
- ~~(iii) — Life Support Confirmation~~
- ~~(iii)(vi) Life Support Request~~
- ~~(iv) — Life Support Rejection~~

2.2. Process Diagrams

(a) Figures 1-5 show the entire process for the provision of Customer details, Life Support Details and Site access data, including:

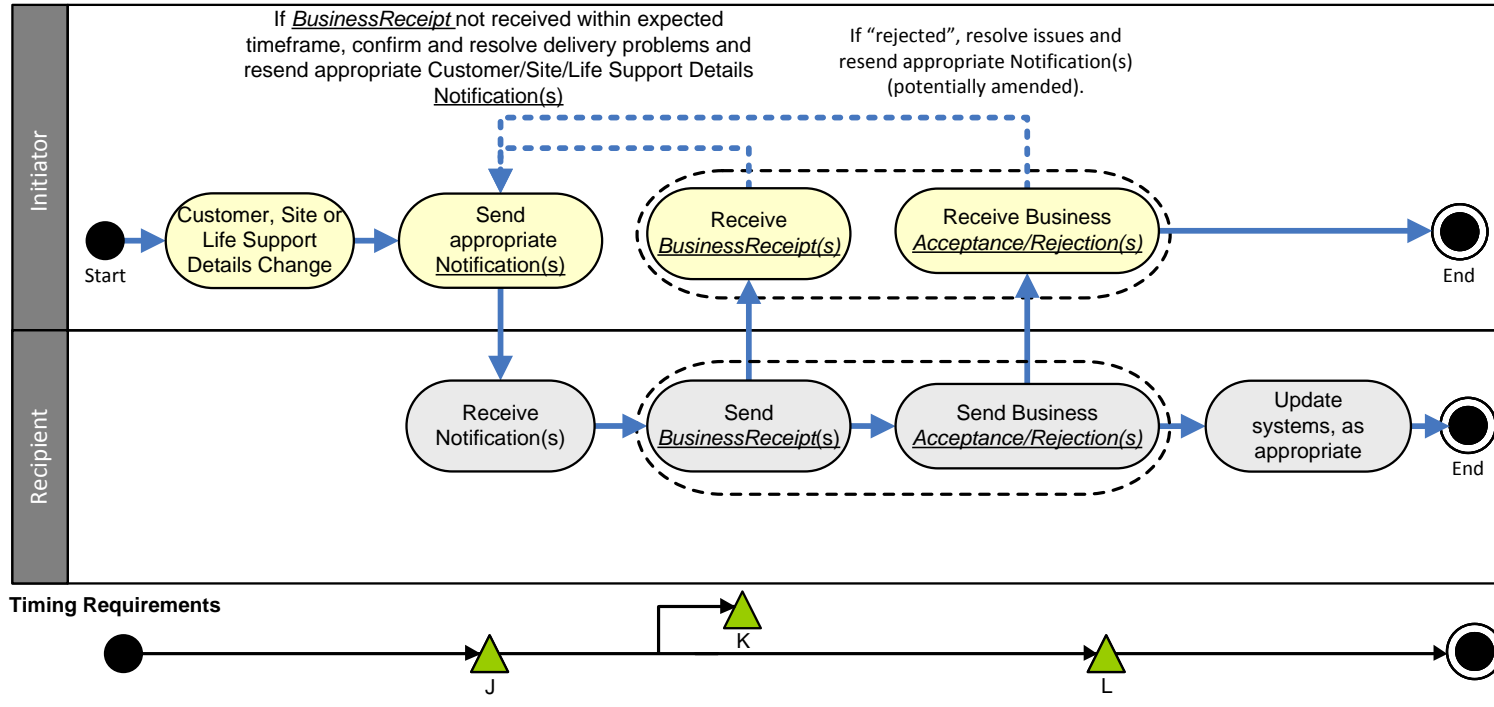

- (i) Where the CustomerDetailsNotification is provided by the Recipient in response to an Initiator's CustomerDetailsRequest. On most occasions, the CustomerDetailsNotification will be provided without an associated CustomerDetailsRequest. In this case, the Initiator will provide the Recipient with the required CustomerDetailsNotification.
- (ii) Where an Initiator sends a SiteAccessRequest and a Recipient sends a SiteAccessNotification.
- (iii) Where an Initiator sends a Life Support Request and a Recipient sends a Life Support Notification.
- ~~(iv) — Where an Initiator sends a Life Support Notification and a Recipient sends a Life Support Confirmation/Acceptance/Rejection.~~

(b) The triangles at the bottom of Figures 1-5 indicate the timing points for the process.

3. TIMING REQUIREMENTS

3.1. Definition of Timing Points and Timing Periods

- (a) The Timing Points are shown in Figures 1-5.
- (b) For additional Timing Requirements for the [CustomerDetailsReconciliation-Life Support Reconciliation](#) process, refer to section [4.44.65](#).
- (c) The Timing Requirements for the *BusinessReceipt* and the *BusinessAcceptance/Rejection* for the [SiteAccessNotification](#) are identical to those for the [CustomerDetailsNotification](#).
- (d) The Timing Requirements for the *BusinessReceipt* and the *BusinessAcceptance/Rejection* for the [SiteAccessRequest](#) are identical to those for the [CustomerDetailsRequest](#).
- (e) The Timing Points are defined in [Table 3Table 3Table 3](#):

Formatted: No underline

Formatted: No underline

Table 3: Timing Point Definitions

Timing Point	Definition
A	When an Initiator issues a Request to a Recipient
B	When an Initiator receives a <i>BusinessReceipt</i> for a Request from the Recipient.
C	When an Initiator receives a <i>BusinessAcceptance/Rejection</i> for a Request from the Recipient.
D	When the Request has been actioned.
E	When the Recipient sends a Notification to the Initiator
F	When the Recipient receives a <i>BusinessReceipt</i> for a Notification from the Initiator.
G	When the Recipient receives a <i>BusinessAcceptance/Rejection</i> for a Notification from the Initiator.
H	When the Initiator issues a Customer Details Reconciliation or Life Support Reconciliation to a Recipient.
I	When the Recipient issues a CustomerDetailsRequest-LifeSupportNotification to an Initiator about a Customer Details Life Support Reconciliation under section 4.4.4.56 .
J	When an Initiator issues a CustomerDetailsNotification to a Recipient in response to a CustomerDetailsRequest raised as part of a Customer Details Reconciliation under section 4.44.5.
J/K	When the Initiator sends a Notification to the Recipient.
L/K	When the Initiator receives a <i>BusinessReceipt</i> for a Notification from the Recipient.
M/L	When the Initiator receives a <i>BusinessAcceptance/Rejection</i> for a Notification from the Recipient.
N	When the Initiator sends a Life Support Notification to the Recipient.
O	When the Initiator receives a Life Support Confirmation/Reject from the Recipient within 1 business day.
P	When the Recipient updates Life Support details in their systems.
Q	When the Initiator sends a Life Support Request to the Recipient.
R	When the Initiator receives a Life Support Notification from the Recipient within 5 business days.

Formatted: No underline

- (f) The Timing Periods are defined in [Table 04](#):

Table 4: Timing Period Definitions

Timing Period	Description of Timing Period	Usage
<i>BusinessReceipts</i> for Requests	From the sending of the Request by the Initiator to the receipt of the <i>BusinessReceipt</i> for the Request from the Recipient. Commences at Timing Point A and ends at Timing Point B.	Used by the Initiator to determine whether a Request has been received and can be read. If the <i>BusinessReceipt</i> has not been received before this period expires, the Initiator may escalate the non-receipt, resend the original request, or do both.

Formatted Table

Timing Period	Description of Timing Period	Usage
<u>BusinessAcceptance/Rejection</u> for Requests	From the sending of the <u>Request</u> by the Initiator to the receipt of the <u>BusinessAcceptance/Rejection</u> for the <u>Request</u> from the Recipient. Commences at Timing Point A and ends at Timing Point C.	Used by the Initiator to determine whether a <u>Request</u> has been accepted (and will subsequently be actioned by the Recipient). If the <u>BusinessAcceptance/Rejection</u> has not been received before this period expires, the Initiator may escalate the non-receipt.
Providing a <u>CustomerDetailsNotification</u>	From receipt of the <u>CustomerDetailsRequest</u> to the sending of the <u>CustomerDetailsNotification</u> by the Recipient. Commences at Timing Point A and ends at Timing Point E.	If the <u>CustomerDetailsNotification</u> has not been received before this period expires, the Initiator may escalate the non-receipt.
Providing a <u>SiteAccessNotification</u>	From receipt of the <u>SiteAccessRequest</u> to the sending of the <u>SiteAccessNotification</u> by the Recipient. Commences at Timing Point A and ends at Timing Point E.	If the <u>SiteAccessNotification</u> has not been received before this period expires, the Initiator may escalate the non-receipt.
<u>Providing a LifeSupportNotification</u>	<u>From receipt of the LifeSupportRequest to the sending of the LifeSupportNotification by the Recipient.</u> <u>Commences at Timing Point A and ends at Timing Point E.</u>	<u>If the LifeSupportNotification has not been received before this period expires, the Initiator may escalate the non-receipt.</u>
<u>BusinessReceipts</u> for Notifications	From the sending of the Notification by the Recipient to the receipt of a <u>BusinessReceipt</u> for the Notification from the Initiator. Commences at Timing Point E and ends at Timing Point F.	Used by the Recipient to determine whether a Notification has been received and can be read. If the <u>BusinessReceipt</u> has not been received before this period expires, the Recipient may escalate the non-receipt, resend the original notification, or do both.
<u>BusinessAcceptance/Rejection</u> for Notifications	From the sending of the Notification by the Recipient to the receipt of a <u>BusinessAcceptance/Rejection</u> for the Notification from the Initiator. Commences at Timing Point E and ends at Timing Point G.	Used by the Recipient to determine whether the response has been accepted by the Initiator and the request can be closed. If the <u>BusinessAcceptance/Rejection</u> has not been received before this period expires, the Recipient may escalate the non-receipt.
<u>BusinessReceipts</u> for Notifications	From the sending of the Notification by the Initiator to the receipt of a <u>BusinessReceipt</u> for the Notification from the Recipient Commences at Timing Point <u>K</u> and ends at Timing Point <u>L</u> .	Used by the Initiator to determine whether a Notification has been received and can be read. If the <u>BusinessReceipt</u> has not been received before this period expires, the Initiator may escalate the non-receipt, resend the original notification, or do both.
<u>BusinessAcceptance/Rejection</u> for Notifications	From the sending of the Notification by the Initiator to the receipt of a <u>BusinessAcceptance/Rejection</u> for the Notification from the Recipient. Commences at Timing Point <u>K</u> and ends at Timing Point <u>M</u> .	Used by the Initiator to determine whether the response has been accepted by the Recipient and the request can be closed. If the <u>BusinessAcceptance/Rejection</u> has not been received before this period expires, the Initiator may escalate the non-receipt.

Formatted Table

Timing Period	Description of Timing Period	Usage
Providing a CustomerDetailsRequest LifeSupportNotification as part of a Customer-Detail-Life-Supports Reconciliation under section 4.56.	From the initiation of the CustomerDetailsReconciliation Life-Support Reconciliation to when the Recipient is expected to raise any CustomerDetailsRequests LifeSupportNotifications to the Initiator. Commences at Timing Point H and ends at Timing Point I.	Used by the Recipient to send a CustomerDetailsRequest LifeSupportNotifications for <i>NMIs</i> with Life Support but were not provided by the Initiator in the CustomerDetailsReconciliationLife-Support Reconciliation .
Providing a CustomerDetailsNotification as part of a Customer-Detail-Reconciliation under section 4.5.	The period the Initiator has to respond to a CustomerDetailsRequest raised by the Recipient during the Customer-Detail-Reconciliation . Commences at Timing Point I and ends at Timing Point J.	Used by the Initiator to confirm whether a <i>NMI</i> should be flagged as Life Support.
Providing a Life Support Request	From receipt of the Life Support Request to the sending of the Life Support Notification by the recipient. Commences at Timing Point Q and ends a Timing Point R.	If Life Support Notification has not been received before this period expires, the Initiator may escalate the non-receipt.
Providing a Life Support Notification	From receipt of the Life Support Notification to the sending of the Life Support Confirmation/Rejection by the recipient. Commences at Timing Point N and ends a Timing Point O.	If Life Support Notification Confirmation/Rejection has not been received before this period expires, the Initiator may escalate the non-receipt.

3.2. Other Timing Requirements

- (a) [Guidance Note 1] Timing requirements for the CustomerDetailsNotification and SiteAccessNotification can be agreed between the Initiator and the Recipient.
- (b) Timing requirement for BusinessReceipts is set out in the B2B Procedure Technical Delivery Specification.
- (c) Timing requirement for BusinessAcceptance/Rejection for Notifications is set out in the B2B Procedure Technical Delivery Specification.

- (d) [Guidance Note 2] Subject to clause (a), the Retailer provides a CustomerDetailsNotification within two Business Days of receiving the CustomerDetailsRequest.
- (e) [Guidance Note 2] In the absence of a relevant request, the CustomerDetailsNotification and/or SiteAccessNotification must be provided within one business day of the relevant data being updated or changed.
- (f) [Guidance Note 1] A Current Retailer must send a CustomerDetailsNotification within five business days of the following events:
 - (i) following the completion of the CATS change of retailer process.
 - (ii) for a new connection, once the site has been energised.Refer to Timing Requirement for Sending CustomerDetailsRequests.
- (g) [Guidance Note 1] In the absence of a CustomerDetailsNotification and following receipt of the completion of the CATS Change Retailer transaction, the Initiator may send a CustomerDetailsRequest for a *NMI* after the fifth business day.
- (h) [Guidance Note 1] In the absence of a CustomerDetailsNotification and following notification of an energised *NMI*, the Initiator may send a CustomerDetailsRequest after the fifth business day.

Formatted: No underline

4. BUSINESS RULES

4.1. Common Business Rules for Notifications

- (a) The Initiator must only send a single daily Notification of each type (where relevant) covering all Changes made to the *NMI*'s details that day, ensuring the most recent details are provided. This restriction does not apply to the Life Support Notification.
- (b) For the purposes of registration and deregistration or updating of life support details, Retailers and DNSP's must use the LifeSupportNotification and not CustomerDetailsNotification.
- (a)(c) Prior to requesting and sending life support transactions it is expected that the prospective Retailer has obtained explicit informed consent from the customer.
- (b)(d) The Initiator must provide all available information that they hold for each Notification transaction, not just information changes. Non-completion of non-Mandatory, is taken to mean that the Initiator does not have the absent information.
- (e)(e) If the Recipient does not accept the information provided by the Initiator, they must send a BusinessAcceptance/Rejection with an appropriate *EventCode* and details of the Initiator's data being rejected.
- (d)(f) It is within a Recipient's sole discretion as to whether they decide to update their records on the basis of the information provided by the Initiator.

Formatted: Underline

Formatted: Underline

Formatted: No underline

(e)(g) A ServiceOrderRequest does not replace the need to send relevant Notifications. For example, a Re-energisation ServiceOrderRequest, which includes *Hazards*, does not replace the SiteAccessNotification that would provide the same information. The information in the ServiceOrderRequest is treated as pertinent to the work requested only, and the SiteAccessNotification is treated as the official, enduring update.

(f)(h) The Initiator must only send updates where the Customer or Initiator initiated the Changes. The Initiator must not send updates based on information received from MSATS or other Participants. This prevents the cyclical transmission of information. The Retailer may send a CustomerDetailsNotification in response to receiving the LifeSupportNotification from the DNSP.

(g)(i) The details provided in a CustomerDetailsNotification and SiteAccessNotification must be the current details as at the date and time that the Notification was generated. The *LastModifiedDateTime* may be historical in certain situations. For Life Support changes refer to section 4.3 Error! Reference source not found. and 4.4.

(h)(i) [Guidance Note 1] The Initiator must investigate and provide an updated notification where necessary within 5 business days upon receiving a rejection of a notification transaction.

Formatted: Underline

Formatted: Underline

Formatted: No underline

4.2. Customer Details Request

(a) [Guidance Note 1] An Initiator sends a CustomerDetailsRequest when they reasonably believes that the information in the CustomerDetailsNotification has not been previously provided in a Notification transaction or that the information they hold is or may be incorrect.

(b) [Guidance Note 2 and Guidance Note 4] Any authorised party entitled to the information can generate a CustomerDetailsRequest to the Current Retailer for the *NMI*.

(c) An Initiator must only send a maximum of one CustomerDetailsRequest per *NMI* per day.

(d) The Current Retailer must provide a CustomerDetailsNotification in response to a valid CustomerDetailsRequest.

(e) If parties wish to obtain mass updates of information, parties must reach agreement to use this transaction.

4.3. Customer Details Notification

4.3.1. Initiating a Customer Details Notification

(f)(a) The Initiator of the CustomerDetailsNotification will always be the Current Retailer.

(g)(b) [Guidance Note 2] The Current Retailer must confirm the specific contact for the management of outages and supply issues for each *NMI* and provide this information via the CustomerDetailsNotification.

(h)(c) [Guidance Note 2 and 5] The Current Retailer must send the relevant Notifications to the DNSP whenever they become aware of Customer Changes.

(i)(d) [Guidance Note 1] The Current Retailer must send the relevant Notifications to Recipient(s) as agreed whenever they become aware of a Customer Change

(j)(e) [Guidance Note 2] Where the requirements for Life Support are no longer appropriate (for example an occupier no longer meets the jurisdictional requirements to be classified as a Life Support customer) a Retailer must send a CustomerDetailsNotification containing *NMI*, *LastModifiedDateTime*, a *MovementType* value of "Update" and *SensitiveLoad* value updated as per clause 4.3.2 of "None" to the relevant DNSP and the DNSP must update their records accordingly.

(k)(f) Current Retailers may send a CustomerDetailsNotification to other Recipients as agreed.

Formatted: Indent: Hanging: 1.25 cm, Outline numbered + Level: 2 + Numbering Style: a, b, c, ... + Aligned at: 0.5 cm + Tab after: 1.5 cm + Indent at: 1.5 cm, Tab stops: 1.25 cm, List tab + Not at 1.5 cm

4.3.2. Sensitive Load Field

- (a) Where life support is required at the premise the *SensitiveLoad* field must have a value of 'Life Support'. For the registration, update and deregistration of Life Support refer to Life Support section 4.4.
- (b) Where the initiator reasonably believes there are economic, health or safety issues associated with loss of *supply* to the *NMI*, and the *SensitiveLoad* field should have a value of 'Sensitive Load'.
- (c) If neither of the above conditions apply then the *SensitiveLoad* field should have a value of 'None'

4.3.3. Vacant Sites

- (a) [Guidance Note 2] If a Site is vacant, the Initiator must send a CustomerDetailsNotification containing *NMI*, *LastModifiedDateTime*, a *MovementType* value of 'Site Vacant' and *SensitiveLoad* of 'None' to the relevant Recipient who may update their records accordingly.

4.4. Life Support

4.4.1. Life Support Notification

- (a) ~~(a) The initiator of the LifeSupportNotification can be a Current Retailer, Prospective Retailer or a DNSP.~~

4.4.1. —

- (a)(b) [Guidance Note 2] Where the DNSP or Retailer is informed by a customer that they require life support or there are changes to the life support information or requirement, they must promptly advise the other party using the Life Support Notification with the information defined in Table 529.

~~(b) — All initiating emails must be sent to the Recipients Life Support Notifications email address in the Retail Operations Contact List (ROCL). The email subject header must be in the form of: 'Life Support Notification # NMI'.~~

~~(c) In addition to (a), where the Retailer is the Current Retailer or becomes the Current Retailer, they must send a CustomerDetailsNotification. In this case, the changes are effective from the earliest date notified between the parties.~~

- (c) [Guidance Note 2] Following a change of Retailer, where the DNSP is the registration process owner, the DNSP must send the Current Retailer ~~the information contained in (a); a~~ LifeSupportNotification.

- (d) [Guidance Note 2] ~~Where the Current Retailer or DNSP has completed the deregistration process for a Life Support customer they must send the other party an updated~~ LifeSupportNotification.

- (e) ~~[Guidance Note 2] Where the Current Retailer or DNSP has completed the deregistration process for a Life Support customer they must send the other party an updated~~ LifeSupportNotification.

~~they must send the other party an email as specified in (a)~~

~~(ii) — the Current Retailer must send a CustomerDetailsNotification containing *NMI*, *LastModifiedDateTime*, a *MovementType* value of "Update" and *SensitiveLoad* value of "None" to the relevant DNSP.~~

~~(iii) the changes are effective from the date specified in the email notification.~~

- (f)(e) [Guidance Note 1] Where the Retailer who is not the Current Retailer has provided information to the LifeSupportNotification to the DNSP required in (a) and no longer requires life support registration is no longer required.

4.4.2. Life Support Confirmation

(a) Life Support Confirmation emails must be sent to the email address it was received from. The email subject header must be in the form of: 'Life Support Notification # NMI # Confirmed'.

(b) [Guidance Note 1] Confirmations are to be sent within 1 business day.

(c) If a confirmation or rejection is not received the Initiator may contact the Recipient.

4.4.3. Life Support Rejection

(a) Life Support Rejection emails must be sent to the email address it was received from. The email subject header must be in the form of: 'Life Support Notification # NMI # Rejected # Reason.'

(b) [Guidance Note 1] Rejections are to be sent within 1 business day.

(c) If confirmation or rejection is not received the Initiator may contact the Recipient.

Formatted: Indent: Left: 1.5 cm, No bullets or numbering

(d) ~~The Initiator of a Life Support Notification that was rejected must review the rejection and take appropriate action.~~

4.4.4.4.2. Life Support Request

- (a) ~~[Guidance Note 42] Where a party-Retailer or DNSP requires a confirmation of a current life support status at a NMI life support registration they may send a Life Support Request to the other party. The email subject header must be in the form of 'Life Support Request # NMI'.~~
- (b) All initiating emails must be sent to the Recipients Life Support Notifications email address in the Retail Operations Contact List (ROCL).
- (c) ~~[Guidance Note 42] The Recipient of the a valid Life Support Request must provide a Life Support Notification and use best endeavours to respond within 2 business days and no later than within 5 business days sent within 5 business days.~~
- (d) If a Life Support Notification is not received within 5 business days the Initiator may contact the Recipient.
- (d) ~~The party responding to a LifeSupportRequest does not need to be the rRegistration process owner.~~
- (e) An initiator must only send a maximum of one Life-Support-Request per NMI per day.
- (f) ~~If parties wish to obtain mass updates of information, parties must reach an agreement to use this transaction.~~

4.5. Customer Details Reconciliation

- (a) Current Retailers can agree with any party to conduct regular reconciliations and can adopt the following processes described in the clauses below.
- (b) ~~[Guidance Note 1] Current Retailers and DNSPs must conduct a reconciliation of Customer Details for NMIs with Life Support customers at least four times per year.~~
- (c) ~~Where agreed between Participants, the Customer Details Reconciliation Process may be conducted more frequently.~~
- (d) ~~The Current Retailer must conduct the Customer Details Reconciliation with the DNSP. The Customer Details Reconciliation must use the CustomerDetailsNotification with MovementType of 'Reconciliation'.~~
- (c) The use of BusinessAcceptance/Rejections for the Customer Details Reconciliation will be a subset to that used for the CustomerDetailsNotification. The DNSP-Recipient can only reject for reasons as specified in Table 12.
- (e) ~~A Customer Details Reconciliation transaction does not replace the requirement for the Notification of Customer Details Changes, as described in the CustomerDetailsNotification process. If the DNSP finds an issue with the customer data other than the Life Support flag provided in the CustomerDetailsReconciliation, the DNSP must use the CustomerDetailsRequest process in this Procedure.~~
- ~~The Retailer and DNSP must agree the timing of the Customer Details Reconciliation. Some considerations for this agreement are listed in the B2B Guide.~~
- (f) ~~(d) For NMIs provided by the Current Retailer in the CustomerDetailsReconciliation transaction(s) that are not flagged by the DNSP, or other party as having Life Support, the DNSP or other party must accept the transaction(s) and update its records accordingly with Life Support.~~
- (g) ~~[Guidance Note 2] For NMIs in the DNSP's system flagged with Life Support, but not provided by the Retailer in the Customer Details Reconciliation, the DNSP must send a CustomerDetailsRequest using the Reason value 'Rec - confirm no Sensitive Load' within 2 business days of receiving the last CustomerDetailsReconciliation transaction.~~
