Section 1B - General Comments on the Proposed Procedure Change **for east-coast jurisdictions**. (IN026/15)

Topic	Please Provide Response Here
<p>Sections 1 to 9 of the PPC sets out details of the proposal.</p> <p><u>In respect of the changes proposed in east-coast jurisdictions</u>, does your organisation supports AEMO’s assessment of the proposal?</p> <p>If no, please specify areas in which your organisation disputes AEMO’s assessment (include PPC section reference number) of the proposal and include information that supports your organisation’s rationale for not supporting AEMO’s assessment.</p>	<p>Jemena is opposed to new JEC’s for DSD and MRM service orders for the following reasons:</p> <ul style="list-style-type: none"> • DSD (street disconnection) – this service order type is rarely used today in NSW/ACT with <100 DSD service orders raised per annum. There is no value in creating these new JEC’s which will not result in any benefits or operational efficiencies. • MRM (meter removal) – Jemena believes there is no need to create new JEC’s for MRM service orders. Again, there is no value in creating these new which will not result in any benefits or operational efficiencies. <p>Jemena is supportive of introducing new JEC’s for AML service orders, however we do not support a JEC for:</p> <ul style="list-style-type: none"> • AMLB - Attach Locks/Plugs to Meter for Breach of Contract by a customer. Jemena sees no value in this JEC for networks and we have privacy concerns with the retailers sharing this information.

Section 3¹ – Additional feedback that is not part of this consultation but warrants further investigations / discussions.

Topic	Please Provide Response Here
<p>Does your organisation have any feedback / suggestions that closely relate to the scope or impacts this consultation, but the nature of the feedback / suggestion warrant further investigations / discussion? If so, please included your feedback / suggestions.</p>	<p>Jemena is not supportive of JECs for DSD and MRM service orders. Jemena is supportive of JECs for AMLs, but not for AMLB - Attach Locks/Plugs to Meter for Breach of Contract by a customer.</p> <p>Introducing new JECs for AMLs is likely to lead to better information to assist with reporting, however there is unlikely to any significant benefit in the overall disconnection success rate which is largely driven by site access issues.</p>

¹ Note - This feedback will be reviewed by AEMO at a later date, therefore will not be used for this consultation. AEMO will complete a preliminary assessment of the feedback assess the feedback and it may then form part of another consultation or the annual prioritisation process
