Ref # 2 - AEMO Specification Pack- Specification Pack Usage Guidelines

Section 3¹ – Additional feedback that is not part of this consultation but warrants further investigations / discussions.

Topic	Please Provide Response Here
Does your organisation have any feedback / suggestions that closely relate to the scope or impacts this consultation, but the nature of the feedback / suggestion warrant further investigations / discussion? If so, please included your feedback / suggestions.	As advised to AEMO previously, Alinta Energy has significant west coast system changes scheduled for mid-2022 which may impact our delivery capability concerning this program of work.

¹ Note - This feedback will be reviewed by AEMO at a later date, therefore will not be used for this consultation. AEMO will complete a preliminary assessment of the feedback assess the feedback and it may then form part of another consultation or the annual prioritisation process
