

14 February 2022

## **CONSULTATION ON CHANGES TO THE TRANSPORTATION SERVICE POINT REGISTER (TSPR)**

The following notice is sent with respect to 3.2.4 of the Capacity Transfer and Auction Procedures (CTAP). AEMO is performing an *expedited* consultation on changes to the TSPR to publish data consistent to the CTAP section 24.2. Relevant *facility operators* and other interested stakeholders are invited to submit written comments on this proposal to AEMO by close of business Friday 25 February 2022.

AEMO notified stakeholders of these changes through the consultation on the CTAP in fourth quarter 2021 and through the Gas Wholesale Consultative Forum meeting on 9 December 2021.

### **1. OVERVIEW OF CHANGES**

AEMO proposes the following changes to the TSPR to publish data consistent with CTAP section 24.2 where there is:

- information that relates to forward haul pipeline segments,
- information of more than one service points, including a GPG,
- information that has product components associated with all forward haul delivery points, are allocated to more than one pipeline delivery zone, and the aggregate nameplate capacity is greater than 100TJs.

### **2. REFERENCE DOCUMENTATION**

Transportation Service Point Register

- See attached TSPR with track changes

### **3. MAGNITUDE OF THE CHANGES**

The proposed amendments are non-material changes to current market operations. The changes require arrangement by AEMO for IT system updates.

### **4. PROPOSED TIMELINES**

These changes will occur once this consultation is completed into the month of March 2022.

### **5. CONSULTATION**

All comments on these changes are to be sent to [BBO@aemo.com.au](mailto:BBO@aemo.com.au) by close of business Friday 25 February 2022.
