

# NOTICE OF SECOND STAGE OF CONSULTATION

Interim Forecast Best Practice Guidelines

# Forecasting Accuracy Report Methodology

Date of Notice: 14 July 2020

This notice informs *Intending* and *Registered Participants* and *interested parties* (**Consulted Persons**) of the publication of AEMO's draft report and determination and the commencement of the second stage of consultation on its draft **Forecasting Accuracy Report Methodology**.

As per the AER's Interim Reliability Forecasting Best Practice Guidelines<sup>1</sup>, AEMO is required to consult on the establishment of the methodology using a formal written consultation process, including two rounds of written submissions, a process outlined in Appendix A of AEMOs Interim Reliability Forecasting Guidelines<sup>2</sup>.

# **Matter under Consultation**

The matter for consultation is the Forecasting Accuracy Reporting Methodology. The following consultation drafts are published with this notice:

- Forecasting Accuracy Reporting Methodology Report.
- Forecasting Accuracy Report Methodology Draft Determination.

The introduction of the Reliability Forecast<sup>3</sup> under the Retailer Reliability Obligation (RRO) rules in 2019 has increased the importance of forecast accuracy, and accordingly AEMO has increased the depth and breadth of the its forecast accuracy reporting<sup>4</sup>. Similarly, AEMO formalised the reporting of the improvements to be made into a Forecast Improvement Plan that also includes a consultation step as outlined in AEMO's Interim Reliability Forecast Guidelines<sup>5</sup>.

#### The Consultation Process

The consultation process is outlined below. Dates are indicative only and subject to change.

PROCESS STAGE	INDICATIVE DATE
Publication of Draft Report and Determination	14 July 2020
Closing date for submissions in response to the Draft Report	11 August 2020
Publication of Final Report and Determination	25 August 2020

## **Invitation to Make Submissions**

AEMO invites written submissions on the matter under consultation, including any alternative or additional proposals you consider may better meet the objectives of this consultation and the national electricity objective in section 7 of the National Electricity Law.

Please identify any parts of your submission that you wish to remain confidential, and explain why. AEMO may still publish that information if it does not consider it to be confidential, but will consult with you before doing so.

Please note that material identified as confidential may be given less weight in the decision-making process than material that is published.

# **Closing Date and Time**

Submissions in response to this Notice of Second Stage of Rules Consultation should be sent by email to <a href="mailto:energy.forecasting@aemo.com.au">energy.forecasting@aemo.com.au</a>, to reach AEMO by 5.00pm (Melbourne time) on 11 August 2020.

All submissions must be forwarded in electronic format (both pdf and Word). Please send any queries about this consultation to the same email address.

Submissions received after the closing date and time will not be valid, and AEMO is not obliged to consider them. Any late submissions should explain the reason for lateness and the detriment to you if AEMO does not consider your submission.

## **Publication**

All submissions will be published on AEMO's website, other than confidential content.
