1. Context

This template is being provided to assist stakeholders in giving feedback about the changes specified in the 'MSATS Standing Data Review, Metering Coordinator Planned Interruption, Metering ICF Package 2020' Minor Amendment Process.

The change being proposed is to amend the effective date of the Procedure changes included in MSDR Phase1, MCPI, and parts of the Metering ICF Package 2020, from 14 March 2022 to 1 May 2022.

2. MSDR Phase1, MCPI, and parts of the Metering ICF Package 2020 Procedures

Section	Description	Participant Comments
MSDR Phase1, MCPI, and parts of the Metering ICF Package 2020 Procedures Effective Date	Change Procedures Effective Date from 14 March 2022 to 1 May 2022	<p>Simply Energy welcomes the opportunity to provide feedback as a part of AEMO's minor amendment process in respect of 'Procedure Change Effective Date Amendment' for:</p> <ul style="list-style-type: none">• MSATS Standing Data Review (MSDR) Phase1, incorporating Metering Coordinator Planned Interruption (MCPI)• Parts of the Metering ICF Package 2020 <p>Simply Energy has been an active participant in these initiatives, and in order to mitigate the risks identified between the timing of these initiatives and Global Settlement commencement on 1 May 2022, Simply Energy supports AEMO's proposed delay of seven weeks for the aforementioned changes, from 14 March 2022 to 1 May 2022 to bring them in line with the Global Settlement changes in respect of the implementation. As such, Simply Energy supports the revised effective dates for the Procedures listed in the Amendment Paper.</p>
