1. Context

This template is to assist stakeholders in giving feedback about the options detailed in the issues paper associated with the Standalone Power Systems consultation.

The changes being proposed are because of NER rule changes which have occurred requiring changes to AEMO's Retail Electricity Market Procedures.

2. Questions

| Section | Description | Participant Comments |
|---------|---|---|
| 4.1.3 | Do participants agree with AEMO's assessment that MDPs for accumulation meters should provide interval data to the generator MDP and AEMO in a NEM12 file as outlined in option 2(a)? | Intellihub noted AEMO's assessment and outlined in option 2(a) and is supportive of the proposal. |
| 4.1.3 | Are there other advantages and disadvantages of the various options that AEMO should consider? | Intellihub believes that advantages and disadvantages have been reasonable identified of the various options. |
| 4.1.3 | Are there other options that AEMO should consider to resolve this matter? | Intellihub has not identified alternative options to resolve this matter. |
| 4.2.2 | Do participants agree that this convention is to be captured in a procedure? | Intellihub acknowledges the need of documenting the SAPS NMI convention in the procedures. |

| Section | Description | Participant Comments |
|---------|--|--|
| 4.2.2 | In which procedure or supporting document should it be included? | Intellihub believes that SAPS NMI convention should be described in the NMI Procedure and the NMI Allocation List. |
| 5 | Has AEMO captured all the changes? | Intellihub has not identified any changes that AEMO has not already captured. |
| 5 | In making the changes to the SLP and Metrology procedures, what are the issues that AEMO should keep in mind/consider? | No comments. |
